

**WS89328**

## Shaft locating washer

Axial cylindrical roller bearings 893, single direction, comprising K893, GS, WS

## Informacje techniczne

**Main Dimensions & Performance Data**

|                |         |                           |
|----------------|---------|---------------------------|
| d              | 140 mm  | Bore diameter             |
| d <sub>1</sub> | 240 mm  | Lip diameter shaft washer |
| B              | 20,5 mm | Height shaft washer       |
| ≈m             | 4,76 kg | Masa                      |

**Mounting dimensions**

|                  |        |                           |
|------------------|--------|---------------------------|
| r <sub>min</sub> | 2,1 mm | Minimum chamfer dimension |
|------------------|--------|---------------------------|
